

SUMMARY

Content creator, social media strategist and founder who has built a wellness brand from zero to a running, multi-platform business across **Instagram, YouTube and TikTok**, owning everything from scripting and filming to post-production, funnels and analytics. Background in engineering (B.Sc. Computer Science) and an M.Eng. in Print & Media Technology, thesis applying Lean Startup methodology to Instagram growth, gives a genuinely data-driven approach to content: every post is tested, tracked and iterated on, not just posted and hoped for.

Analytics	Google Analytics 4, Search Console, Metricool analytics, KPI tracking & iteration, community management

EXPERIENCE

Founder & Lead Strategist

Jan 2026 – Present

juliakas.de · @juliakasanzewa (Instagram & YouTube)

- Founded and scaled a D2C wellness brand end-to-end (brand strategy, product, tech and growth) as a solo founder
- Designed and built a WooCommerce e-commerce platform (WordPress, Stripe, PayPal, Google Pay) from the ground up
- Run a data-driven, multi-pillar content strategy (Mindset · Relationships · Performance) across Instagram, YouTube and TikTok, owning scripting, filming and post-production (Descript, Final Cut Pro, Premiere Pro, CapCut)
- Engineered ManyChat DM automation and email funnels (HubSpot, KIT) that convert organic engagement into measurable leads; track growth with Metricool, VidIQ and KeywordsEverywhere, iterating weekly on retention, reach and conversion KPIs

iOS & Backend Developer

Dec 2020 – Jan 2025

Nanocosmos GmbH — Interactive Streaming Platform, Remote

- Built backend services and native iOS features for a live interactive streaming product, the same product-engineering discipline now applied to content systems and funnels
- Built internal APIs connecting to ActiveCampaign, automating marketing workflows and linking backend logic to customer journeys

IT & Marketing Strategist

Sep 2026 – Nov 2026

Rad-Börse — rad-börse.de, Remote

- Planned and delivered a complete WordPress + Hetzner website end-to-end, including technical SEO, GDPR compliance and Core Web Vitals optimisation
- Set up Google Analytics 4 and Search Console for data-driven CRO, and built conversion-focused lead forms and testimonial carousels that drove measurably higher inquiries

SELECTED CONTENT & GROWTH WORK

HALE.NOW × RCVR.NOW Case Study

Brand analysis → content plan → launch

11-page case study for HALE.NOW (a Berlin wellness studio featured in Vogue Germany, Gala and InStyle) and sister brand RCVR.NOW: audience analysis, an Instagram carousel concept, and a 7-day content calendar with hook, caption, CTA and posting time mapped daily.

Instagram Growth Case Study

M.Eng. Thesis · Lean Startup on Instagram

Full 3-month growth strategy for a self-built Instagram brand, applying Lean Startup methodology to a real audience in real time: competitor benchmarking, persona research and KPI iteration.

UGC Content — Gym & Studio

Native, phone-shot brand content

Native, phone-shot UGC for two studio brands (a gym membership experience and a Zaya Studio reformer pilates class), the kind of footage a brand can repost straight to its own feed.
